The graduate student seminar “Knowledge and demonstrative Science: Aristotle’s Posterior Analytics” will be held in April 14-18, 2012 at the Humboldt-Universität zu Berlin under the auspices of the Humboldt Graduate School for Ancient Philosophy, the Department of Philosophy, and the August-Boeckh-Antikezentrum of the Humboldt-Universität zu Berlin. The purpose of this one-week-seminar is to closely read Aristotle's *Analytica Posteriora* in Greek and discuss selected problems of interpretation and reception with leading scholars in the history of ancient Greek and medieval Latin and Arabic philosophy.

**Structure of the seminar:** Morning sessions (10 a.m – 1 p.m.) are reserved for an introduction to and discussion of key passages of the *Posterior Analytics* under the guidance of leading scholars in the field of ancient philosophy. In the afternoon (3 – 5 p.m.), selected issues of interpretation and reception will be discussed in invited contributions and selected papers of graduate students. In both morning and afternoon sessions, participants will dedicate the greater part of their time to collectively reading and discussing primary texts. Translations of texts from the Arabic and Latin traditions will be provided.

**Participants:** The following speakers will supervise sessions and present their research: Prof. Markus Asper (Berlin), Prof. Wolfgang Detel (Frankfurt/Main), Prof. Peter Sjoerd Hesper (Munich), Prof. Christoph Helmig (Berlin), Prof. Ludger Honnefelder (Berlin / Bonn), Dr. Colin Guthrie King (Berlin), Dr. Marko Malink (Chicago), and Prof. Stephen Menn (Montréal / Berlin), Prof. Jonathan Beere (Berlin).

**Application:** Graduate students are invited to apply to participate in this seminar. Please send your CV and a letter of motivation including a brief outline of your graduate research. Participants should have good knowledge of Aristotelian philosophy and classical Greek, as well as interest in the philosophy of science. The conference will be in English.

**Submission deadline:** March 1, 2012

Inquiries and submissions should be directed to: berlin.aristotle@googlemail.com

**Financial support:** Financial support is available for student travel expenses and accommodation. Please indicate your estimated travel costs in your application.

**Accommodation:** We will arrange for accommodation in Berlin. Aside from a conference dinner, the participants will be responsible for meals.

**Further information:** Benjamin Wilck (benjamin.wilck@gmail.com)

Please note that there are no registration or course fees for the seminar.
